

Oaks Gymnastics Academy  
Mission Statement

The Oaks Gymnastics Academy is dedicated to enriching the lives and improving the health of our students through the sport of gymnastics.

We will encourage and promote traditional values common to the sport - physical fitness, strength, flexibility and coordination - self confidence, independence, sportsmanship and personal achievement in a safe and supportive class setting. We believe a student's life and character can be improved through the challenges and successes they find in themselves and in our programs.

We are dedicated to QUALITY and INTEGRITY in all aspects of the program.

Brian Turner - Gym Owner

***To you, our students...***

*We will offer you respect and dignity at whatever level you choose to participate. We will encourage you to believe in yourself and help you develop a confident spirit and an outgoing curiosity while you explore movement through gymnastics. We want you to have FUN while you learn.*

***To you, their parents...***

*Gymnastics is a gift to your child that promotes a lifelong interest in physical activity and the responsibility to for care for your body, your health and happiness. You can expect the highest levels of safety and personal achievement through structure, discipline and individual attention.*

*Your child will be well cared for - Mind, Body and Spirit.*

*We understand that your trust must be earned and fairness maintained.*

*The value of your child's gymnastics experience is important to us.*
